

Hi, my name is Emily Monier and I am thrilled to be the new Lead Monitor for River City Family Connections! I recently graduated from Mount Marty University with a degree in Human Services and a minor in music. I am extremely excited to begin this new journey and helping the community in this role! I am originally from Belle Fourche, SD and when I came to Yankton for college, I immediately felt at home and knew I wanted to continue my career here. In my free time you can find me singing and playing guitar and hanging out with family and friends!
